

BEHAVIOUR CODE

The VTCA in **Rule A101** adopts the Laws of Cricket. “The Spirit of Cricket” is part of the Laws of Cricket and therefore applicable to VTCA matches.

Further we have adopted and refined for our purposes the Cricket Australia Code of Behaviour and produce it below.

PREAMBLE

Cricket is a game that owes much of its unique appeal to the fact that it is to be played not only within its Laws, but also within the spirit of the game. Any action seen as abusing this spirit cause’s injury to the game itself.

Embracing the spirit of the game means participating, either as a player or as an official, fairly and exhibiting respect for other players and officials and the game’s traditional values such as graciousness in defeat and humility in victory.

Cricket has a distinct place in Australian society and history. As an element in Australia’s national identity, cricket plays a significant role. This status brings with it particular responsibilities for players and officials to conform to high standards of fair play and personal behaviours on and off the field.

This Code of Behaviour is intended to protect and enshrine such important qualities and standards so that all may continue to enjoy the game of cricket now and in the future.
